Aztec Frame And Tiny Town

Customers
Fractures, cuts, bruises and any other injuries caused by falling or collision during play

- A daily safety check of the Aztec Frame and Tiny Town is carried out first thing in the morning to ensure all apparatus and toys are in good working order and are safe to use.
- Only trained staff carry out the safety check
- The daily safety check and maintenance book is signed daily by the employee who is carrying it out and filed for our records.
- Any minor problems with the frame are dealt with immediately, more challenging problems are first made safe by securing the area and the issue in question is put in the maintenance book for action. The current Aztec Frame was installed in June 2015.
- Outside of the Aztec frame round the perimeter there are signs to say "no running". Staff regularly tour the play area and inspect the equipment/monitor children's safe play. There is padding on the posts around the frame
- During the day, staff working on the Aztec frame and in Tiny Town, have been trained to constantly look out for potential dangers with the apparatus and toys and to isolate any areas where a hazard occurs.
- They also are trained to ensure customers are playing in a safe manner and no bullying is occurring.
- An Independent audit is carried out by ROSPA on a yearly basis
- Parents and guardians are made aware of the rules of the centre on entry via the signing in procedure. Centre rules are also clearly displayed around the centre on the walls.
- Age restrictions in the Aztec frame and Tiny Town to be adhered to during school holidays/ non-pupil days and weekends. Under 5's if accompanied by their parents, are allowed in Aztec frame during school time when centre is

Staff who are trained to carry out the safety check to have signed correct paper work to ensure they are competent in this role

over other activities. Staff members always offer the option of a public accident form being completed to customers and only staff who have carried out first aid training will be able to offer first aid. All managers are first aid trained, so there is always a minimum of 1 trained member of staff on duty.

- All areas where an accident results in a RIDDOR report being filed have a thorough investigation of the area and plans and actions are put into place, if necessary or possible, to avoid reoccurrence of a similar accident. Investigation are documented and kept on file.

After school club specifics

- For sudden illness/injury, parents/guardian contacted immediately.
- If parent/guardian cannot collect child and they may need hospital treatment one staff member to accompany child to hospital.
- Parents/guardians have given consent for use of cold compress and use of plasters.
- All staff regularly looking after children are first aid trained and for the club to open, at least one member of staff will be paediatric first aid trained.
- Any accidents that occur will be assessed to ensure child is in no immediate danger or endangering any other child.
- All accidents, injuries and illness are recorded and kept on file.

Ensure correct procedures, paper work and training are in place.
